

and are of **NO OPINION** as to stamp originating on this otherwise genuine envelope.

Inv-4390 CSA #13c, pen canceled 20¢ green bisect used for 10¢ rate on attractive adversity cover made from lined paper, addressed to Richmond, Texas with soldier docketing "From W.A. G. Autry of Capt. H.H. Good Co Cavalry unattached", 2007 CSA certificate with "No Opinion as to stamp originating on this otherwise genuine envelope" – not an unusual opinion for a stamp that is not tied. In my opinion it belongs but is sold on its own merits. Scarce and Attractive use. 2007 SCV \$2,000.00 \$995.00

"Not Collected"

The Signal Corps performed some of the most dangerous of duties in the War. The detailed men in all the various branches of the service numbered about fifteen hundred, and it was a remarkable fact, that while these men were often employed in independent service, and were in possession of important secrets, not one of them was instructed in the cipher
