

FOREIGN MAIL  
FAKED MEXICAN TO GERMANY MAIL ROUTE

During the time period 1879 to 1914, the Hamburg Amerika Paket Atkiengesellschaft line to Mexico was in operation. It was biweekly after 1888 and used 6 ships. This letter was to have been from Vera Cruz to Germany by the Steamship Aleman on an envelope that was a Habilitado. The markings on this envelop are completely faked. A habilitado has two different overprinted numbers (this has one); this overprinted number is from district 30 La Paz (the letter was from Vera Cruz); the ship is named "Aleman" (non<sup>e</sup> of the ships has that name); and this is a very late use of this envelope (issued 1880 and used 1889). If the person was trying to say to use German steamers, the words "Vapores Alemanes" would have been used.
