The two covers are faked.
The smaller one is illustrated in DWI Mails 1754-1917 Vol.3 Chapter XX page 20-21 and discribed as such..
I met Mr. Moldenhauer 3 weeks ago at Copenhagen in good shape. I do not know of any other expert for Norway, may be Mr. Einar Lundström of whom I do not have the address.

Yours sincerely,

Gentelmen:

The two Memel sets (N60-69) appear to be genuine. However, the two Latvia covers are fakes. The stamps are genuine, but the cancellations on both covers are forged - the country name is spelled with an english spelling, LATVIA instead of LATVIJA.

Best regards,

Igor Lozenicins
