Delighted with your letter  
to me of 28 July & to Mrs.  
Pette of ... Must posi-  
tively pay you a visit next  
winter! Wife & self all well  
though depressed by six  
weeks steady rain with no  
prospect of a "let-up". Yang-  
tze abnormally high - another  
1870 year. Business suspended  
though very busy with <sup>g.</sup> <sup>land.</sup>  
We keep well by getting out  
of the London-like fog of  
stumping into the highland  
mist of our bungalow, 1300'  
above Yangtze (2000' above  
sea) We purpose visiting Ching-  
ta, Kwan-nien etc. this winter:  
Look out for etc of Trip in N.C.D.  
News. Write often - Ever yours  
Archibald Pette
