wove pale rose paper, Scott Catalogue #10; Facit #9V¹C², unused, a colour reproduction of which is below, magnified to 125% of true size, and am of the opinion that:

The stamp is **genuine**, unused, with part of original gum, fresh colour and very well centered for the issue. The stamp has all "teeth" present except for one at upper left and the remaining upper perforations are affected by minute creases.
