IMPORTANT

Because transportation schedules are constantly being revised, it is essential that the passenger check with the transportation company regarding possible changes in departure times. This should be done 72 hours before proposed departure and at appropriate intervals thereafter. Reservations for return accommodation should be checked immediately upon arrival at destination. Passengers making a stopover but proceeding to a further destination should check reservations and departure times with the transportation company immediately upon arrival at stopover points. Cancellation of passage must be reported to the transportation company at once, in view of cancellation charges now in effect.

William Lea & Company, Limited, London - 2 Shilling Printing
Watermarked Multiple Script "Crown CA"

4th Printing

William Lea & Company,
of Worship Street, London
EC2. The stamps were
printed by De La Rue
Printers, and the
operation was entirely
supervised by De LA Rue
Managers.

The stamps produced for
Bermuda, between May &
November 1941, included
four values, 2sh, 2sh6d,
5sh, & 10sh, that were
Line Perforated 14.1,
while all other printings
were Comb Perforated.

On 28-29 December 1940,
during the German 'Blitz'
on London, the De La Rue
'Star' Works - one of their
primary stamp printing
facilities - was heavily
damaged by German
bombs. Fortunately the
safes containing the steel
printing plates survived
the attack.

As a result, the decision
was made in February
1941, to print urgently
needed stamps at the
Letterpress Printers,
